

# MANUFACTURERS TECHNICAL DATA SHEET

## KLENZ ENGINE OIL SAE 20W-50 (SG/CD)

### Description

**Klenz® Pure Protection® 20W50** is a premium quality, high performance petrol and diesel engine oil specially formulated for a mixed fleet operating under severe service conditions. Recommended for use as a single oil for both light and heavy-duty engines where multigrade is preferred. It may be used in both naturally aspirated and turbo-charged engines in all kinds of service conditions. Exceeds API SG/CD

### Application

Suitable for naturally aspirated, fuel injected, and multi-valve engines fuelled by **petrol, diesel** or **LPG**.

### Advantages / Benefits

- Outstanding performance against wear, foaming and corrosion.
- Suitable for light duty, naturally aspirated diesel engines.
- Cost effective oil for petrol engines.
- High dispersant / detergents additives improves engine cleanliness and reduces sludge formation under all operating conditions.
- Group II base stocks improve soot handling capabilities and cold flow properties.

### Performance Standards

**Klenz® Pure Protection® 20W50** meets the performance standards of **API SG/CD**.

### Typical Characteristics

#### *Klenz® Pure Protection® Engine Oil SAE 20W50 (SG/CD)*

Product Code	KLEO20W50
API Spec	SG/CD
Base Oil	Group II
Colour	Amber / Brown
Appearance	Clear and Bright
Kinematic Viscosity @ 40°C	170 cSt
Kinematic Viscosity @ 100°C	18.5 cSt
Viscosity Index	122
Flash Point	209 °C
Density @ 15°C	Approx.0.880 kg/l
Pour Point	-15 °C

All reasonably practicable steps have been taken to ensure this data sheet and the information contained in it is accurate as of the date specified below. No warranty or representation, express or implied is made as to the accuracy or completeness of the data and information in this data sheet. The data and advice given apply when the product is sold for the stated application or applications. You should not use the product other than for the stated application or applications without seeking advice from Klenz Chemicals. It is the user's obligation to evaluate and use this product safely and to comply with all applicable laws and regulations. Klenz Chemicals shall not be responsible for any damage or injury resulting from use, other than the stated product use of the material, from any failure to adhere to recommendations, or from any hazards inherent in the nature of the material. Purchasers of the product for supply to a third party for use at work, have a duty to take all necessary steps to ensure that any person handling or using the product is provided with the information in this sheet. The information in this publication is based on our experience and reports from customers. There are many factors outside our control and knowledge which affect the use and performance of our products for which reason no warranty is given, express or implied. This information sheet was prepared from the best information available at the time of issue. While the values and characteristics are considered representative, some variation, not affecting performance, can be expected. It is the responsibility of the user to ensure that the products are used in the applications for which they are intended. You can contact Klenz Chemicals to ensure that this document is the most current available. Alteration of this document is strictly prohibited.
