

## MANUFACTURERS TECHNICAL DATA SHEET

### KLENZ AUTOMATIC TRANSMISSION AND POWER STEERING FLUID (ATF – DEXRON IID)

#### Description

**Klenz™ Pure Protection™ ATF – Dexron IID** is an automatic transmission fluid blended from virgin mineral base oils and proprietary multi-functional additives. It is a premium quality fluid that meets the requirements of more compact automatic transmissions in passenger cars and light trucks operating at higher temperatures. Anti-wear additives provide good load bearing properties and protection against wear.

#### Application

- **Automatic Transmissions** : Suitable for the lubrication of automatic transmissions of passenger cars, commercial road vehicles and some off-highway equipment.
- **Power Steering and Hydraulic Systems** : Suitable for use in power steering units, hydraulic systems of some vehicle and earth-moving equipment.

#### Advantages / Benefits

- Efficient operation in automatic transmission and power steering units in all conditions.
- Highly refined base oils and anti-wear additives provide extensive viscosity temperature characteristics.

#### Performance Standards

Klenz ATF meets or exceeds the requirements of DEXRON IID

#### Typical Characteristics

<b>Klenz™ Pure Protection™ Automatic Transmission Fluid – DEXRON IID</b>	
Product Code	KLATF
Colour	RED
Appearance	Clear and Bright
Kinematic Viscosity @ 40°C	39.4 cSt
Kinematic Viscosity @ 100°C	7.60 cSt
Viscosity Index	167
Flash Point (PMCC)	196 °C
Density @ 15°C	Approx.0.860 kg/l
Pour Point	-44 °C

All reasonably practicable steps have been taken to ensure this data sheet and the information contained in it is accurate as of the date specified below. No warranty or representation, express or implied is made as to the accuracy or completeness of the data and information in this data sheet. The data and advice given apply when the product is sold for the stated application or applications. You should not use the product other than for the stated application or applications without seeking advice from Klenz Chemicals. It is the user's obligation to evaluate and use this product safely and to comply with all applicable laws and regulations. Klenz Chemicals shall not be responsible for any damage or injury resulting from use, other than the stated product use of the material, from any failure to adhere to recommendations, or from any hazards inherent in the nature of the material. Purchasers of the product for supply to a third party for use at work, have a duty to take all necessary steps to ensure that any person handling or using the product is provided with the information in this sheet. The information in this publication is based on our experience and reports from customers. There are many factors outside our control and knowledge which affect the use and performance of our products for which reason no warranty is given, express or implied. This information sheet was prepared from the best information available at the time of issue. While the values and characteristics are considered representative, some variation, not affecting performance, can be expected. It is the responsibility of the user to ensure that the products are used in the applications for which they are intended. You can contact Klenz Chemicals to ensure that this document is the most current available. Alteration of this document is strictly prohibited.
